

Thank you for your interest in the **Voices Mural Workshop**. This project is a continuation of the Voices Mural Initiative, which brought large scale mural art to Dubuque. The Voices Mural Initiative and the **Voices Mural Workshop** are part of a creative place-making effort which hopes to trigger dialogue and inspire broader community thinking – all with the aim to make Dubuque a richer and culturally more diverse place to live. By animating tired public spaces, we hope to reinvent the urban experience.

Join us for this workshop which will provide a deeper understanding of consensus building street art, its history and current trends, and learn through hands-on experience the skills and techniques applied in mural making. The Workshop participants will work side-by-side with a critically acclaimed street artist, culminating in a large collaborative mural. The workshop is open to all who have a desire to express creativity within the public domain, but space is limited.* Also, in exchange for this cost free experience, it is our hope that all workshop participants will engage in some form of public art within the calendar year.
